---

On February 26, 2010, **Commonwealth Scientific and Industrial Research Organisation (CSIRO)**

) filed a

**patent infringement lawsuit**

against

**AT&T,**

**AT&T Mobility LLC**

and

**AT&T Wi-Fi Services**

, claiming the companies are infringing a Wireless LAN patent.

**CSIRO** claims it notified **AT&T** of the **patent infringement** in February 2009, but claims the company continues to infringe **US**

**Patent No. 5,487,069**

.

**CSIRO**

requests a permanent injunction, damages and attorneys in the

**patent lawsuit**

.
